<h2> <p style="line-height:1em;"> <p style="color:yellow"> USER's INFORMATION </p> <p style="color:yellow"> <i> An individual who uses a computer or some other equipment. Also called an "end user." The terms "user" and "end user" are synonymous; however, because IT professionals are users themselves when they operate the computer, they may prefer to use "end user" for the target user (employee or customer) </i> </p> </p> </h2>

<button type="button" class="button" >

</button>

<h2> <p style="line-height:1em;"> <p style="color:yellow"> MY FAMILY </p> <p style="color:yellow"> <i> a group of persons united by the ties of marriage, blood, or adoption, constituting a single household and interacting with each other in their respective social positions, usually those of spouses, parents, children, and siblings. The family group should be distinguished from a household, which may include boarders and roomers sharing a common residence. It should also be differentiated from a kindred (which also concerns blood lines), because a kindred may be divided into several households. Frequently the family is not differentiated from the marriage pair, but the essence of the family group is the parent-child relationship, which may be absent from many marriage pairs. </i> </p> </p> </h2>
